

# HEALTH SCIENCES COMPUTER PROGRAM

Students accepted into the following academic programs are **required** to participate in the Health Sciences Student Computer Program.

**Dentistry**

**Dental Hygiene**

**Medicine**

**Medical Laboratory Science**

*(Clinical Lab Science and  
Histotechnology)*

**Nursing**

**Occupational Therapy**

**Pharmacy**

**Physical Therapy**

**Pathology Assistant**

Your program coordinator will provide you with your laptop when you have reached the point in your curriculum when it is required. It will be purchased using the student fees that you pay as part of your program's tuition.

In the meantime, you can use University computer labs, libraries or a personal computer you may already own.

Students in the following Health Sciences academic programs **do not** have computer purchasing requirements.

**Public Health**

**Exercise Physiology**

**Immunology and Medical Microbiology**

**Health Informatics and Information Management**

If you need to purchase a computer, refer to WVU Information Technology Services' general computer requirements at [it.wvu.edu/services/students](https://it.wvu.edu/services/students).

**NEED HELP?**

Contact your program coordinator.
